Gather Industry Strength, Reveal Global Prospect

Learned from the General Administration of Customs, China's total amount of stone imports and exports amounted to **USD 9.19 billion**, with **43.85 million tons involved in 2018**. Among which, the **Exports** reached to 29.25 million tons valuing **USD6.52 billion**. The **Imports** reached to 14.60 million tons valuing **USD 2.67 billion**.

UNLOCK STONE POTENTIAL IN 2020

Transforming from material supply to applied design in various fields has become a strategic priority for most stone enterprises. Xiamen Stone Fair as a hub into global marketplace, is taking action to help explore more possibilities and unlock stone potential. More finished materials, design works and home products will be involved in 2020.

Entering its 20th anniversary, Xiamen Stone Fair continue serving as a one-stop platform for the entire stone industry, inspiring practitioners and professionals with fresh solutions and latest trends.
